Welch-Wills.

At the residence of the bride's father, Judge L. G. Wills at Sage, Mr. Bluford Welch, of Stanton, was married to Miss Evalee Wills, Rev. R. A. Irvin officiating. They made a bridal trip returning Saturday evening. The young people are of Powell's leading society people and they have the congratulations of the TIMES and a host of friends.

Many a business man keeps his conscience in cold storage.

Deacon to be Ordained.

Dr. Bertram Smith will be ordained a deacon in the Clay City Presbyterian Church on Sunday morning, February 18th at 11 o'clock. The Junior Order of United American Mechanics, of Clay City Council No. 8, of which order he is a Past Councilor, and the Log Lick Council No. 108, in which are many friends, are cordially invited to attend the installation service.

There are plugs of all sorts—horses, hats and men.

Killed by Train.

Perry Hammon, well known in Corbin and this section, was found dead last Sunday morning, near the railroad track, not far from Grays. He was in Corbin Saturday afternoon late and it's supposed he was on his way to Grays after dark and was struck by a train. He is reported to have been drinking when he left Corbin. There were no special marks upon his body to indicate death from any cause but that he was killed by a train. And it is supposed he was walking by the side of the track when struck, as there were bruises only on one side of his face and body.

Many remembered Hammon when he preached the gospel, and speak of his gifts and zeal in the highest terms. He is a man of intelligence, honor and industry and stood well among those who knew him, and the notice of his death will

be received with general regret. He was a married man and leaves a wife and several children.—Corbin Laborer.

It is claimed that work on the L. & E. extension from Jackson to Hazard will be resumed in the early part of Spring.

First Farmers' Institute.

The first annual Farmers' Institute will be held at Frankfort February 27th and 28th and March 1st, '06. Under the auspices of the State Department of Agriculture, Labor and Statistics.

The object of the State Farmers' Institute is to bring the farmers of the State into closer relation with each other and with the Department of Agriculture for their mutual benefit, to interchange ideas, to encourage legislation for the benefit of the farmers and to lift Kentucky to the forefront of Agricultural States.

While each County will have one vote in the matter of organization, it is urged that every County send as many delegates as will agree to come. It is very important to the agricultural interests of the State that this, the first State Institute, should be a signal success.
